

It's Voluntary & Easy To Do

Your choice. Simple as that.
Just contact us and we'll help
you get started.

It's Neighborly

Eliminates unwanted glare
impacting your neighbors and
their properties.

It Saves You Money

A single light replacement can
reduce your annual electric bill
by up to \$50

***Rappahannock County's night
skies are a rare and wondrous
asset worth preserving.***

We're one of the few places on the
East Coast still able to enjoy
star-filled night skies.

80% of Americans cannot see
the Milky Way.

WHY CHANGE YOUR LIGHTING?

It's Smart

Downward-shielded lights focus all the light on targeted areas to improve safety and security while enhancing our dark skies.

Glare hides the intruder

It's Absolutely Free

All replacement costs will be paid for by RLEP and supporting organizations.
